WHAT'S NEW

Bon Appetit bowls

Introducing Vegware's newest creation, a mix & match range of wide bowls and lids for the ultimate in style and versatility. This is unique – there's no other compostable wide bowl range out there.

With a top diameter of 7.3 inches, our Bon Appetit bowls offer a glorious wide-angle view of your lunch.

- Another Vegware innovation
- Choose bowls made of PLA-lined paper or clear PLA
- Lids made of PLA-lined paper or clear PLA
- Plastic-free, compostable

What's 72-Series?

We've updated our product names to help you choose the right lid for cups, soup containers and more.

The Series number is the mm diameter of the matching lid. Easy!

Innovations for 2018

We love developing new products. This year we're launching new embossed hot cups for extra insulation, and add new sizes to our hot cup range. Plus we've got new deli sheets and wooden cutlery. Watch this space!

The Green Leaf Band by Vegware

We've updated the look of our stock lines. The new design showcases your food and drink as never before and provides a key visual cue for compostability.

Vegware cold cups, single wall hot cups, soup containers and deli range will feature the leaf band in 2018.

The function

This is the next phase of Vegware's commitment to waste management and producer responsibility.

Experience has highlighted the critical role on-product messaging plays in reducing contamination. The green band unifies our products and provides a visual prompt that can be used on other resources like bins and bin signs.

The design

We've created a repeating leaf pattern that's bold, striking and easily identifiable to waste collectors as a compostable product.

It's a contemporary, stylized version of the Vegware leaf that appears in our logo.

Clear on-product messaging and visual cue for compostability.

Repeating leaf pattern is a stylized version of the Vegware logo.

Rich green colour speaks to Vegware's premium quality and environmental integrity.

HOT CUPS

Cups made from sustainably sourced board and lined with renewable plant-based PLA, not plastic. Double wall cups can be supplied with a full colour custom print with a lead time of 3-4 weeks and MOQ of just 1,000 cups. The new Series number helps you choose the right lid.
